

From Home Page of the www.BoloCop website click on the Sign Up to Receive Alerts tab.

Then choose the law enforcement option.

Next, complete all of the information, create a password and import your Agency's official police logo. This logo will then always be included each time you prepare an Alert for your agency.

The screenshot shows the 'Register your Agency' form on the BOLO COP website. The form is divided into 'Agency Information' and 'Alert Preferences' sections. A red arrow points to the 'Contact Cell #' field in the Agency Information section. The 'Alert Preferences' section is partially visible at the bottom.

Alert Preferences

Send me alerts when they are targeted to the following:

And finally, Your "Alert Preferences" allow you to say what you want to receive. They can be based on business types (NAICS codes for example - you only want to see information if it involves Pawn Shops: 522298) or by location. Other Law Enforcement Agencies can also override your receipt preference if they believe the information is critical. After this, your registration is COMPLETE and now your log-in will be all you need to complete and send out an Alert! **"COMING APRIL 1st"**

The screenshot shows the 'Alert Preferences' section of the registration form. It includes a note about NAICS codes and several checkboxes for selecting alert preferences. A 'Register' button is at the bottom left, and a 'Donate' button is at the bottom right.

Alert Preferences

Send me alerts when they are targeted to the following:

Note: NAICS is a standardized numeric system for classifying businesses into different industries. For a current list of NAICS codes, [click here](#).

NAICS Codes (separate with commas, no spaces)

ZIP Codes (separate with commas, no spaces)

For a ZIP code lookup utility, [click here](#).
